

In memory of Paul H. Fournier  
March 19, 1916  
March 7, 2006.

A strong, courageous man who never gave up hope and faced each day with optimism. His positive attitude through life with scleroderma was not without pain and challenges. He faced each setback head on, but his body could no longer go on. The way he lived his life and the example he set will be with me forever. Thank you dad and I will love you forever.

Love,  
Your daughter, Phyllis

*The Serenity Prayer*

*God grant me the serenity to accept the things I cannot change,  
the courage to change the things I can,  
and the wisdom to know the difference.*
